ATTARI-12: Associations with Personality (US)

INTRO_1

Dear participant,

Thank you very much for participating in our online survey as part of our research at [ANONYMIZED].

In this study we are interested in your personal views. **Good English language skills are required.** It will take you approximately 8-10 minutes to complete the questionnaire. Please do not participate if you are under the age of 18 years. The data collected will be used exclusively for scientific purposes and will not be passed on to third parties. The data will be treated strictly confidentially and anonymously, i.e. the answers cannot be assigned to an identifiable person. The data will be stored for 10 years after acquisition. Your participation is voluntary and you can stop the survey at any time without having to provide any explanation. Should you decide to do so, your data will be deleted.

At the end of the questionnaire you will be provided an individual code you can use to receive your compensation of 1.50 USD via MTurk. Unfortunately, should you decide to stop the survey before reaching the last page, we are unable to compensate you for your effort.

If you have any questions or problems, please contact the following e-mail address: [ANONYMIZED]

Thank you very much for your support!

I hereby give my consent to the use, storage and utilization of my personal data. I agree that the data may be used in anonymized form for research purposes. I have been informed that I can cancel my participation at any time without giving reasons and without any disadvantages.

- ○ I have read the participation information and agree to it. (4)

Warning!

This survey uses a protocol to check that you are responding from inside the U.S. and not using a Virtual Private Server (VPS), Virtual Private Network (VPN), or proxy to hide your country. In order to take this survey, please turn off your VPS/VPN/proxy if you are using one and also any ad blocking applications. Failure to do this might prevent you from completing the HIT.

Start of Block: VPS Warning

Q67
Our system has detected that you are using a Virtual Private Server (VPS) or proxy to mask your country location. As has been widely reported, this has caused a number of problems with MTurk data.

Because of this, we cannot let your participate in this study. If you are located in the U.S., please turn off your VPS the next time you participate in a survey-based HIT, as we requested in the warning message at the beginning. If you are outside of the U.S., we apologize, but this study is directed only towards U.S. participants.

Thank you for your interest in our study.

Start of block: AI Attitudes

ATTARI–12
In the following, we are interested in your attitudes towards artificial intelligence (AI). AI can execute tasks that typically require human intelligence. It enables machines to sense, act, learn,

and adapt in an autonomous, human-like way. AI may be part of a computer or online platform—but it can also be encountered in various other hardware devices such as robots.
